1 What factors do you think help to explain what went well/not well in the project?

You may wish to REVIEW THE GUIDE available [here](#)

2 How do you think the other students in *your* group would evaluate *your* contribution to each of these outcomes?

3 Briefly describe *one* event or experience from the group assessment that gave you new insight into 'doing' data science, and explain how and why this will be useful to you in the future.
